STATE WATER CONTROL BOARD
ENFORCEMENT ACTION –
AMENDMENT TO ORDER BY CONSENT
ISSUED TO
BEDFORD REGIONAL WATER AUTHORITY
FOR THE
MONETA REGIONAL WASTEWATER TREATMENT PLANT
VPDES Permit No. VA0091669

SECTION A: Purpose

This is an Amendment of an Order by Consent (Amendment) issued under the authority of Va. Code §§ 62.1-44.15, between the State Water Control Board (Board) and the Bedford Regional Water Authority (Authority), regarding the Moneta Regional Wastewater Treatment Plant (Facility), for the purpose of revising certain provisions of the Order by Consent (Order) issued by the Board to the Bedford Regional Water Authority on April 8, 2016.

SECTION B: Basis for Amendment

1. The Authority owns and operates the Facility. The Permit allows the Authority to discharge treated sewage and other municipal wastes from the Facility, to Hunting Creek, in strict compliance with the terms and conditions of the Permit.
2. The Board entered into the Order with the Authority effective April 8, 2016 to address and resolve effluent limit violations of Parameter 196, Zinc. The Order contains a Schedule of Compliance to achieve compliance with the zinc effluent limit and also contains interim limits for Parameter 196, Zinc.
3. The Authority has requested an extension of the deadlines for Items #1, #2, and #3 of the Schedule of Compliance contained in the Order.

Amendment to Consent Order

Bedford Regional Water Authority; VPDES Permit No. VA0091669

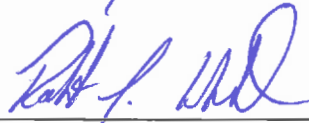

Page 2 of 3

4. Based on the information available to DEQ to date, the Authority is otherwise in compliance with the Order and is current with all monitoring and reporting requirements.

SECTION C: Agreement and Order

Accordingly, by virtue of the authority granted it in Va. Code §§ 62.1-44.15, the Board orders the Authority, and the Authority agrees to perform the actions described in Appendix A of this Amendment, which supersedes and cancels only Appendix A of the Order. Both the Board and the Authority understand and agree that this Amendment does not alter, modify or amend any other provision of the Order and that the unmodified provisions of the Order remain in effect by their own terms.

And it is so ORDERED this 23rd day of February, 2017.

Robert J. Weld, Regional Director
Department of Environmental Quality

Bedford Regional Water Authority voluntarily agrees to the issuance of this Order.

Date: 1/3/17 By: , Executive Director
Brian Key
Bedford Regional Water Authority

Commonwealth of Virginia
City/County of Bedford

The foregoing document was signed and acknowledged before me this 3 day of January, 2017, by Brian Key who is the Executive Director of the Bedford Regional Water Authority, on behalf of the Authority.

APPENDIX A SCHEDULE OF COMPLIANCE

The Authority shall:

1. By **June 1, 2017**, complete a preliminary engineering evaluation of the Facility designed to identify the interim and long term corrective actions needed to ensure the Facility consistently meets the Permit's effluent limits for Total Recoverable Zinc.
2. Submit the results of the above referenced evaluation, together with a schedule for implementation of evaluation recommendations, to the Department for its review and approval no later than **June 22, 2017**. Upon approval by the Department, the evaluation recommendations and schedule shall become a part of this Order.
3. No later than **August 1, 2017**, submit to the Department documentation of a capital and operational budget with sufficient funding to implement the approved interim and long term corrective actions within the timeframe of the approved schedule.
4. No later than **June 30, 2018**, achieve consistent compliance with the Permit's effluent limits for Total Recoverable Zinc.
5. Unless otherwise specified in this Order, the Authority shall submit all requirements of Appendix A of this Order to:
